Persons, I hereby request that no member of your Management Board be discharged for the 2023/2024 financial year.

-

I justify my counter-motion by saying that virtual meetings are stupid because I can't shake the right hand of a screen.

-

My status as a shareholder may be proven by the fact that I ordered an admission ticket for myself to last year's meeting.

-

I request that you publish my serious counter-motion letter.

-

With below mentioned regards

The above mentioned Mr. Wilm Diedrich Mueller
